**SERMON OUTLINE – 31<sup>st</sup> December 2017**  
Passage: Psalm 90 – Teach Us to Number our Days

**Introduction**

**The Relationship Between Mankind and Time**

**The Relationship Between God and Time**

**The Relationship Between God and Humans**

**Conclusion**

**MOOREBANK – HAMMONDVILLE ANGLICAN CHURCH**  
**QUESTIONS FOR DISCUSSION OR REFLECTION**  
Psalm 90

Teach us to number our days that we may get a heart of wisdom.

**Read Psalm 90**

As you reflect on Psalm 90 and think ahead to 2018, how do you plan to grow as a disciple of Jesus in the coming year?

**Head**

How will I grow in your knowledge of God and understanding of the Bible?

(eg. What will I use for my personal devotions? What Bible study will I be in? Thinking theologically – is there something I would like to read, something to subscribe to?)

How will I make this happen? Do I need to ask someone to train me?

How can I help others grow as disciples?

**Heart**

What goals will help me to grow in godliness?

(eg. How will my prayer life work? What areas of godliness do I need to grow in? How will I grow in my relationships with other people?)

How will I make this happen? Do I need to ask someone to train me?

How can I help others grow as disciples?

**Hands**

What goals will help me prayerfully speak God's Word to people?

(eg. What communities will I connect with? How can I share Jesus with people in those communities? Do I need to improve my skills in evangelism or apologetics? In what ways do I need to grow in order to lead others or disciple them?)

How will I make this happen? Do I need to ask someone to train me?

How can I help others grow as disciples?
